[Politics and Ideology in Allende's Chile: Ricardo Israel...](#)

Chile was one of only three countries to form a Popular Front government in those turbulent times—the others were France and Spain. This gives some indication of the importance of left-wing radical politics in a country about as far remote from Europe as it was possible to be. Chile had had a powerful left-wing movement since the days of communist and anarchist agitation earlier in the ...

Political Power and Ideologies in Chile. Posted by John Cobin on Sunday, August 25th 2013 . There are seventeen political parties in Chile, eighteen if you count both ecology parties separately. Since most readers of this blog tend to be libertarians, constitutionalists, or at least lean toward libertarianism, I will highlight the situation of libertarianism in Chile, as well as give details ...

[Presidency of Salvador Allende - Wikipedia](#)

Chile's government is a representative democratic republic, whereby the President of Chile is both head of state and head of government, and of a formal multi-party system. Executive power is exercised by the president and his or her cabinet. Legislative power is vested in both the government and the two chambers of the National Congress. The judiciary is independent of the executive and the ...

Chilean party politics, throughout the twentieth century, was built around forming coalitions. In the 1930s and 1940s, Chile had a number of successful Popular Front coalition governments, and in some ways, Allende's Popular Unity was just a reconstituted version of what the Chilean left had been doing all along.

The topic of this book is the interplay between technological and political ideology. The particular case study is Project Cybersyn during the years of the Marxist experiment in Chile, ending with the assassination of President Allende on September 11th (YES, September 11th!), 1973. Project Cybersyn was the name given to the attempt to more formally structure aspects of the Chilean economy in ...

The result was a battle for Chile that ended in 1973 with a right-wing military coup and a brutal dictatorship lasting nearly twenty years. Tanya Harmer argues that this battle was part of a dynamic inter-American Cold War struggle to determine Latin America's future, shaped more by the contest between Cuba, Chile, the United States, and Brazil than by a conflict between Moscow and Washington ...

Facing that reality, the political leaders of those countries will be the ones who decide which tactics to adopt. We can only have the best relationships — political, cultural, economic — with each country in the world. We only ask that they respect — there will be no choice but to do so — the right of the people of Chile to have won for themselves the government of Unidad Popular.
